

```
1 #include<stdio.h>
2 void main()
3 {
4     float h,m;
5     float hit_ratio;
6     printf("enter the no of hits:");
7     scanf("%f",&h);
8     printf("enter the no of miss:");
9     scanf("%f",&m);
10    hit_ratio=h/(h+m);
11    printf("hit_ratio=%f",hit_ratio);
12 }
13
```
